Title: Heavy Rescue Fire Vehicle

Description of Product or Service Required

Los Alamos National Security, LLC (CONTRACTOR), under direction of the U.S. Department of Energy, intends to procure a Heavy Rescue Fire Vehicle for use by the Los Alamos County, New Mexico, Fire Department (LAFD). CONTRACTOR will specify requirements as to the type of apparatus, design, construction, and test to which the apparatus shall conform; and details as to finish, equipment, and appliances which the successful bidder must provide.

All details, features and functions of the Heavy Rescue Fire Vehicle shall comply with the current National Fire Protection Association 2009 STANDARD FOR AUTOMOTIVE FIRE APPARATUS (NFPA 1901) and all other applicable NFPA codes and standards.

SUBCONTRACTOR must be able to deliver a finished product to Los Alamos, NM no later than 31 September, 2016.

- Current forecasted bid opportunities are subject to change or cancellation due to scope, mission, or funding requirements.
- Some procurements are reserved for small businesses. Note the competition type on the forecast matrix to determine if a procurement has been set aside or is open to fair and reasonable competition.
- LANL reserves the right to change the competition type from Competitive to Set-Aside prior to the release of the Request for Quotation (RFQ).
- If this is a Request for Expression of Interest and capability information is requested with your response, be advised that LANL will not issue your organization a Request for Quotation unless you submit clear and convincing information that your organization has the necessary relevant experience and can fulfill the requirements of the statement of work. If you do not adequately address the required information, and the LANL Buyer does not have information indicating otherwise, the presumption will be that your organization is not a viable competitor. In any case, the LANL Buyer is the final arbiter on who receives an RFQ.
