Title: Wildland Fuels Mitigation.

Description of Product or Service Required

Provide services in support of LANL's wildland fire fuel mitigation program (See Attachment).

- Current forecasted bid opportunities are subject to change or cancellation due to scope, mission, or funding requirements.
- Some procurements are reserved for small businesses. Note the competition type on the forecast matrix to determine if a procurement has been set aside or is open to fair and reasonable competition.
- LANL reserves the right to change the competition type from Competitive to Set-Aside prior to the release of the Request for Quotation (RFQ).
- If this is a Request for Expression of Interest and capability information is requested with your response, be advised that LANL will not issue your organization a Request for Quotation unless you submit clear and convincing information that your organization has the necessary relevant experience and can fulfill the requirements of the statement of work. If you do not adequately address the required information, and the LANL Buyer does not have information indicating otherwise, the presumption will be that your organization is not a viable competitor. In any case, the LANL Buyer is the final arbiter on who receives an RFQ.

Title

Los Alamos National Laboratory (LANL) Wildland Fire Management Fuels Mitigation Program.

Solicitation

Los Alamos National Laboratory is seeking qualified subcontractor(s) to perform reduction of wildland fuels around Los Alamos National Laboratory.

The resultant subcontract is subject to the Service Contract Labor Standards (formerly known as the Service Contract Act of 1965).

Services to be provided include (but not limited to):

- Vegetation control;
- Tree felling;
- Timber harvesting;
- Tree limbing; and
- Removal fuel/vegetation from areas inaccessible to mechanical equipment.

Subcontractor personnel in the following positions, at a minimum, must be trained and qualified based on the requirements set forth with the Wildland Fire Management Program

- Safety Look-out
- Laborers
- Equipment Operators

Additionally, subcontractors should have a demonstrated safety performance equal to or lower than the below standards:

Statistical Standards		
Experience Modification Rate	The "EMR" is a number that is assigned to your company based on the insurance premium you pay and your loss statistics. Contact your insurance company for these numbers.	Maximum Allowable Average: 1.00
Total Recordable Injury/Illness Case Rate from Company OSHA 300 log)	Rate = $\frac{\text{Total Recordable Injuries/Illnesses} \times 200,000}{\text{Total Employee Hours Worked}}$	Maximum Allowable Average: 3.2
DART Case Rate (Days Away From Work, Restriction, or Job Transfer) (from Company OSHA 300 log)	Rate = $\frac{\text{Total Days Away/Restricted/Transferred Work Day Cases} \times 200,000}{\text{Total Employee Hours Worked}}$	Maximum Allowable Average: 1.4

Questions regarding this Solicitation, please contact Anya Gonzales at 505.667.8537 or anya@lanl.gov.
