

High-Tech Halloween at the Lab's museum is “Spooktacular”

October 1, 2012

As part of downtown Los Alamos’ “Trick or Treat on Main Street,” the Lab’s Bradbury Science Museum will hold its annual High-Tech Halloween science celebration on Friday, October 26, from 4 to 6:30 p.m.

There will be activities for all ages, ranging from a maze for preschoolers to a live owl and tarantula for those less easily frightened. There will also be some “cool” demonstrations with liquid nitrogen, gyroscopes to spin, and skulls and insects to inspect.

This is High-Tech Halloween’s 19th year!
