

THE VICE PRESIDENT  
WASHINGTON

2099

July 13, 1974

Dr. Harold M. Agnew  
Director, Los Alamos Scientific  
Laboratories  
University of California  
P. O. Box 1663  
Los Alamos, New Mexico 86544

Dear Harold:

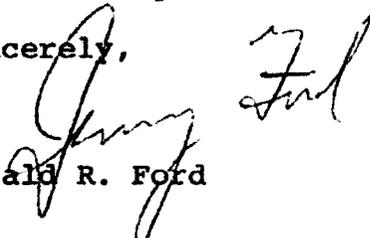

I want to express my appreciation to you and all the members of your staff at Los Alamos Scientific Laboratories for a most profitable and enjoyable visit. I found the presentations not only highly professional in manner but also most stimulating.

I sincerely hope that I have the opportunity to visit Los Alamos again at a future date and view some of the other interesting things that you are doing there. In any event, I can assure you that my short visit was extremely profitable and most enjoyable. In addition, I very much appreciate the memento you presented me, which will serve to remind me of the warmth and hospitality which I found at Los Alamos.

Please convey my sincere appreciation to all those members of your staff who worked so hard to insure the success of my visit.

Personal regards.

Sincerely,

  
Gerald R. Ford
