Title: RFI for NQA-1 Subcontractors

Description of Product or Service Required

LANL seeks subcontractors capable of being approved on our Institutional Evaluated Suppliers List (ISEL) for NQA-1 programs. NQA-1 experience may be gained by participating under another subcontractor who has an NQA-1 program. Qualifications for work should include construction, engineering, quality assurance, quality control, startup and test, commissioning, fire protection, software developers or suppliers, and other disciplines associated with an engineering, procurement, and construction (EPC) company.

If qualified and interested please contact the Los Alamos National Laboratory Small Business Program Office at business@lanl.gov also please visit our webpage <https://www.lanl.gov/business/becoming-a-supplier.php> to register your business.

- Current forecasted bid opportunities are subject to change or cancellation due to scope, mission, or funding requirements.
- Some procurements are reserved for small businesses. Note the competition type on the forecast matrix to determine if a procurement has been set aside or is open to fair and reasonable competition.
- LANL reserves the right to change the competition type from Competitive to Set-Aside prior to the release of the Request for Quotation (RFQ).
- If this is a Request for Expression of Interest and capability information is requested with your response, be advised that LANL will not issue your organization a Request for Quotation unless you submit clear and convincing information that your organization has the necessary relevant experience and can fulfill the requirements of the statement of work. If you do not adequately address the required information, and the LANL Buyer does not have information indicating otherwise, the presumption will be that your organization is not a viable competitor. In any case, the LANL Buyer is the final arbiter on who receives an RFQ.
