## Description of Product or Service Required

SEE Attachment

- Current forecasted bid opportunities are subject to change or cancellation due to scope, mission, or funding requirements.
- Some procurements are reserved for small businesses. Note the competition type on the forecast matrix to determine if a procurement has been set aside or is open to fair and reasonable competition.
- LANL reserves the right to change the competition type from Competitive to Set-Aside prior to the release of the Request for Quotation (RFQ).
- If this is a Request for Expression of Interest and capability information is requested with your response, be advised that LANL will not issue your organization a Request for Quotation unless you submit clear and convincing information that your organization has the necessary relevant experience and can fulfill the requirements of the statement of work. If you do not adequately address the required information, and the LANL Buyer does not have information indicating otherwise, the presumption will be that your organization is not a viable competitor. In any case, the LANL Buyer is the final arbiter on who receives an RFQ.

**Title**

Forensic Toxicology Laboratories to provide drug screening services.

**Solicitation**

Los Alamos National Laboratory (LANL) is seeking qualified subcontractor to provide support to LANL's drug prevention program operating pursuant to regulations issued by the U.S. Department of Energy (DOE), the U.S. Department of Transportation (DOT), and the U.S. Department of Health and Human Services (HSS). Drug testing is conducted for the following purposes: pre-employment, random, periodic, reasonable suspicion/for cause, and post-accident.

To warrant further consideration, the Subcontractor shall meet the below requirements:

- Subcontractor shall be certified and maintain a current certification by Substance Abuse and Mental Health Services Administration (SAMHSA) and the DOT;
- Subcontractor medical laboratories must appear in the most current version of the Federal Register under the current list of laboratories and instrumented initial testing facilities which meet minimum standards to engage in urine drug testing for federal agencies;
- Subcontractor shall Conduct the Chain of Custody process in accordance with current or revised guidelines as issued by U.S. Department of Health and Human Services (HHS) Mandatory Guidelines for Federal Workplace Drug Testing Programs, DOT regulations and DOE to ensure the integrity of each specimen;
- Subcontractor shall maintain all testing records according to HHS, DOT and DOE guidelines; and
- Subcontractor shall comply with U.S. Department of Labor Wage Determination WD 05-2361.
