Title: Multi-purpose Conference, Tele-conference Building

Description of Product or Service Required

The objective of the construction contract is to create four user rooms, two conference rooms with video teleconferencing, a multi-purpose work room, an encryption equipment room and other infrastructure like restrooms, break room, copy room etc. in approximately 2,500 square feet of area. This is a build to print project and Q cleared escorts will be required. Coordination with other subcontractors and LANL who will be installing multi-media equipment and other systems will be essential to complete the scope of work.

- Current forecasted bid opportunities are subject to change or cancellation due to scope, mission, or funding requirements.
- Some procurements are reserved for small businesses. Note the competition type on the forecast matrix to determine if a procurement has been set aside or is open to fair and reasonable competition.
- LANL reserves the right to change the competition type from Competitive to Set-Aside prior to the release of the Request for Quotation (RFQ).
- If this is a Request for Expression of Interest and capability information is requested with your response, be advised that LANL will not issue your organization a Request for Quotation unless you submit clear and convincing information that your organization has the necessary relevant experience and can fulfill the requirements of the statement of work. If you do not adequately address the required information, and the LANL Buyer does not have information indicating otherwise, the presumption will be that your organization is not a viable competitor. In any case, the LANL Buyer is the final arbiter on who receives an RFQ.
