

Institute for Materials Science Materials Summer School

IMS Materials Summer School 2017

Talks * Tours * Events

The IMS Materials Summer School focuses on Materials Science at Los Alamos National Laboratory and is designed to expose our visitors to the broad range of great materials science performed at the Lab. Through the course of **seven talks** and **three site visits**, students will have a unique opportunity to learn about LANL directly from our **top scientists** and participate in **facility tours**.

Talks are on **Thursdays** in the Physics Auditorium (TA3-215-182) at 1:00pm
or in the MSL Auditorium (TA3-1698-A103) at 1:30pm

Tours are on **Thursdays** and require registration with Student Programs

Student Programs will send out tour registration announcements prior to each tour
Check the IMS site or the Student Programs site for contact information or updates
