Los Alamos Dynamics
Summer School Program 2014

Student: Jordan Thayer

Bio: Jordan Thayer is an incoming graduate student at the University of Southern California that is pursuing a M.S. in Mechanical Engineering. She is a member of Pi Tau Sigma and the Associated Students of Mechanical Engineering. Her on-campus research involves robotic hand actuation from a soft sensor glove, and has various haptics and biomedical applications. Outside of school, she participates in ACTIVE (Achieving Change through Inspiring Values in Education) volunteering and enjoys playing basketball, hiking, and cooking with friends and family.
