

CSES Publication Acknowledgement

For any publications that report on research conducted fully or in part with CSES funding, there should be an acknowledgement in the publication:

“This research was supported by the Los Alamos National Laboratory (LANL) through its Center for Space and Earth Science (CSES). CSES is funded by LANL’s Laboratory Directed Research and Development (LDRD) program under project number 20180475DR.”

Note: The LDRD prohibition against augmentation requires that if multiple funding sources are acknowledged along with LDRD, the author(s) must be able to justify which distinct and separate portions of the research were funded by LDRD relative to other funding sources.
