FOOTNOTES:

[1] All services – excluding items covered under the drug plan – are subject to deductible unless otherwise indicated in the *Summary of Benefits* (i.e., "deductible waived"). When applicable, the deductible must be met before benefit payments are made.

[2] After a member (or family) reaches the applicable out-of-pocket limit, the Medical Program pays 100 percent of that member's (or family's) covered charges for the rest of the calendar year.

[3] Initial treatment of a medical emergency is paid at the Preferred Provider benefit level. Follow-up treatment from a Nonpreferred Provider and treatment that is not for an emergency is not covered unless listed as an exception in the "NOTE" at the bottom of the page.

[4] Certain services are **not covered** if preauthorization is not obtained from BCBSNM (or the BCBSNM Behavioral Health Unit). A list of services requiring preauthorization and a description of when obtaining preauthorization is **your** responsibility is in Section 4 of the Benefit Booklet. Some services may require a written request for preauthorization in order to be covered. (Nonemergency ambulance services are covered **only** when it is medically necessary to transfer the patient from one facility to another.)

[5] Preauthorization is required for inpatient admissions.

[6] Rental benefits for medical equipment and other items will not exceed purchase price of a new unit.

[7] TRIAD has authorized the Claims Administrator to approve, when used as a cost-effective alternative to inpatient hospitalization, residential treatment center services for patients being treated for chemical dependency and mental health.

[8] Pharmacy Benefits are administered by Express Scripts. Prescription drugs and other items covered under the drug plan must be purchased at a pharmacy that participates in the Retail Pharmacy/Specialty Pharmacy or Mail-Order Programs Some prescription drugs require preauthorization before coverage will be available. If you require a brand-name drug for which there is a generic equivalent, you will pay the difference in cost between the brand-name drug and the generic drug, plus the generic drug copayment.

NOTE: Nonpreferred provider services may be covered in the following cases only: emergency care; transition of care (up to 90 days); pathologist, anesthesiologist, and radiologist services when member is receiving covered services at a preferred facility; and when a provider belongs to a type that is "unsolicited" (i.e., a type that is not offered a Preferred Provider contract). In any case, to receive Preferred Provider benefits for nonemergency services of a Nonpreferred Provider, you must first obtain prior approval from BCBSNM. **It is YOUR responsibility to determine if a provider is in the national/worldwide BCBS PPO network or not. See Section 3 of the Benefit Booklet for details.**

NOTE: BCBSNM provides administrative claims payment services only and does not assume any financial risk or obligation with respect to claims, except as may be specified in the Administrative Services Agreement.

This is a summary only – please refer to the Summary of Benefits and Coverage (SBC) document and Benefit Booklet for more details.
